Description: The East Facing projection media can be seen from the I-15 freeway and Las Vegas Blvd. This is an excellent way to attract a great deal of attention at night, Las Vegas' busiest time or combine with a vinyl spectacular to attract attention both day and night. The West Facing Wall is perfect for movie premieres as it is home to Brennan IMAX theaters which has launched several WORLD premieres. This wall is also good for targeting locals that are heading to the strip or the I-15 on Flamingo.
